An amendment and response to the examiner's first office action dated 5/30/2002 was previously submitted on or about 9/4/2002. A Notice of Non-Compliant Amendment 37 C.F.R. 1.121, copy enclosed, and dated 9/20/2002 was sent out stating that said amendment was incomplete in not including clean sheets of the relevant paragraphs or pages of the specification that were amended therein. Accordingly, cleans sheets thereof are submitted herewith.

IN THE SPECIFICATION:

Please delete the word "application" from line 3 of page 15 and substitute the word --patent--.

REMARKS:

A further informality was found in that the amendment to page 15, seen in the attached clean sheets, also required that the word "application" be changed to the word "patent".
